Office Memorandum • UNITED STATES GOVERNMENT

TO : Director, FBI

DATE: December 6, 1948

FROM : SAC, New York

SUBJECT: IRVING ADLER, aka
Isidor Adler
Administrative Officer (Budget and Fiscal)
Appointee
Department of the Air Force
Washington, D.C.
LOYALTY OF GOVERNMENT EMPLOYEES

Reference is made to Bureau letter dated November 19, 1948, requesting that this office determine whether appointee is identical with one IRVING ADLER, of Local #5, Teachers Union, New York, New York or with one IRVING ADLER, born 1913, whose name appears on a dues collection sheet for IWO, Lodge #797, in December, 1946.

Irving Adler of 136-12 Corporal Kennedy, Bayside, Long Island, a known Communist, is a teacher in the New York City School system and is currently chairman of the Salary Committee of the Teachers Union in New York City. He was formerly chairman of the Educational Policies Committee of the Teachers Union, 1938 to 1941 and is believed to be identical with the IRVING ADLER described in referenced letter as affiliated with Local #5, Teachers Union. He was born April 27, 1913 and his wife is RUTH ADLER, also a known Communist.

A photostatic copy of the December, 1946/^{dues} collection sheet of Lodge 797, IWO, contains the name RUTH ADLER, born 1915, immediately below the name IRVING ADLER, indicating a possibility that RUTH ADLER is the wife of IRVING ADLER. Inasmuch as Lodge 797 meets in Flushing, Long Island, a community adjacent to Bayside, Long Island, the home of IRVING and RUTH ADLER mentioned in the preceding paragraph, it is believed probable that IRVING ADLER, the member of the Teachers Union, is identical with the member of Lodge 797, IWO. It should be noted that appointee indicates he has resided in Washington, D.C. and Arlington, Virginia since 1941.

Inasmuch as appointee is not identical with the persons of that name described in referenced letter, this case is being RUC'D.

LOYALTY OF GOVERNMENT EMPLOYEES

There are attached hereto photostatic copies of the Loyalty Form, Application for Federal Employment, and a memorandum dated February 9, 1949, which material was made available by the Civil Service Commission in requesting a loyalty investigation of the captioned appointee.

The basis for the Commission's request is a previous investigation conducted by the Commission, which is available at the office of the Chief, Central Union Investigations Division, U. S. Civil Service Commission, Washington, D. C. The Commission makes a further statement in the memorandum referred to above that an investigation was conducted by the FBI in 1942 which revealed that during the Spanish Civil War the appointee was in sympathy with the Spanish Loyalists, made small contributions to the Spanish Loyalist cause, and subscribed to the publications, "New Masses" and "Friday."

As you will note, the New York Office recently completed a preliminary inquiry on the appointee. The basis was information appearing in the report of Special Agent Lloyd A. Higgs, dated April 23, 1942 at Washington, D. C., entitled "Irving Adler, also known as Isidore Adler, Employee Investigation, Office for Emergency Management." New York file 77-611, WFO file 77-7476.

This report explained information appearing in the New York Office files that one Irving Adler was Secretary to the "New York Teachers Anti War Committee" and was a contributor to "Fight" and "New Masses."

The New York Office determined that this person was probably not identical with the appointee, but rather was believed to be Irving Adler, 3014 Kennedy Avenue, Bayside, Long Island who is a known Communist. He was associated with Local No. 5, Teachers Union, New York and 1, 141st St., New York.

It is not possible, from Bureau files, to identify the source of the Commission statement that Irving Adler, during the Spanish Civil War was in sympathy with the Spanish Loyalists and made small contributions to the Loyalist cause.

The Washington Field Office is requested to conduct a preliminary inquiry to determine the exact information in the Commission's file on which this statement is based to determine if it relates to the captioned appointee or to some other person of the same name. In the event that the Washington Field Office can establish the identity of the appointee as the person on whom the Commission has disloyal information and the inquiry should be immediately converted into a full field investigation and the Bureau and auxiliary offices advised by teletype.

In addition to its other investigation, if converted, the Washington Field Office should check the records of the appropriate government agencies, including a review of the appointee's Army officer's service file.

The Washington Field Office should include in its report under the "Basis for Investigation" section that this investigation was initiated at the specific request of the Civil Service Commission, whose identity must be protected by the use of a temporary informant symbol number.

Bureau deadline for this preliminary inquiry is May 9, 1948.

Office Memorandum • UNITED STATES GOVERNMENT

TO : DIRECTOR, FBI

FROM : GUY HOTTEL, SAC, WASHINGTON FIELD

SUBJECT: IRVING ADLER
aka Isidor Adler
Department of the Air Force
LOYALTY OF GOVERNMENT EMPLOYEES

DATE: May 12, 1949

Rebulet dated April 27, 1949.

The Confidential files of the Civil Service Commission have been examined and it was determined that the appointee made a sworn statement on June 23, 1942, which he signed June 25, 1942, while he was employed by the War Production Board. The original of this statement is being forwarded to the Bureau as an enclosure to this letter in order that it may be examined at the Bureau and a decision made as to whether or not a full field investigation should be conducted on the basis of the information appearing in the statement.

Information was also contained in the Confidential files of the Civil Service Commission that an investigation was conducted on ADLER probably in the latter part of 1941 or the early part of 1942 by the Intelligence Unit of the Bureau of Internal Revenue. Efforts have been made to locate copies of reports made by that investigation but information has been obtained that copies of the reports cannot be located at the Bureau of Internal Revenue nor is there a personnel file on the appointee available in the National Archives. No effort will be made further to locate those reports unless advised to the contrary by the Bureau.

No other information of significance appeared in the files of the Civil Service Commission except copy of reports on ADLER submitted by the Bureau.

The files of this office contain numerous references to one ROSE FELDMAN but it is not known definitely in many cases and believed probable in others that these references referred to the mother of BABETTE FELDMAN, both of whom are known to be active in Communist activities, in this area.

Files of this office also contain reference to JOSEPH BORKIN. It is not known if these references relate definitely to the individual of the same name named as a reference by the appointee.

Rebulet April 27, 1949, captioned as above to all offices receiving this letter except the Albany Office and Washington Field Office letter dated May 12, 1949, submitting the results of a preliminary inquiry, Washington Field Office File 121-10778.

This inquiry was conducted inasmuch as the Civil Service Commission has requested a loyalty investigation of Adler. The Commission's request is based upon a report of previous investigation. It was also stated that an investigation in 1942 revealed that during the Spanish Civil War, the appointee was in sympathy with the Spanish Loyalists, made small contributions to the Spanish Loyalist cause and subscribed to the publications "New Masses" and "Friday".

The Washington Field Office ascertained that according to the files of the Civil Service Commission the appointee furnished a signed statement on June 23, 1942, while employed by the War Production Board. According to this statement Adler advised that during 1936 he had subscribed to the "New Masses" and "Friday". He advised that the reason for his subscription was that he was in favor of the Loyalist side during the Spanish Civil War. Adler also informed that he had made some contributions to the Loyalist cause. He further stated that "New Masses" was definitely a Communist publication. There is attached for the assistance of the Washington Field, New York and Albany Offices a photostatic copy of the appointee's statement.

The publication "New Masses" was cited as a Communist front by the HCUA on June 24, 1942, and March 29, 1944.

Inasmuch as the Civil Service Commission has specifically requested an investigation in this case, you are instructed to conduct a full field investigation concerning the loyalty of the above captioned appointee. This investigation is to be assigned immediately and the results should be mailed to reach the Bureau by June 27, 1949. The Washington Field Office will include in its report the

results of a check of the records of the appropriate Government agencies and the St. Louis Office will review the appointee's Army service record. The identity of the Commission must necessarily be concealed by means of a temporary informant symbol.

It is noted that in 1942 an investigation of the appointee was conducted at the request of the OPM, Washington Field Office File 77-7476, Albany File 77-511, New York File 77-3089. During December, 1948, the New York Office conducted a preliminary inquiry concerning Adler, New York File 121-5499. III RESULTS OF INVESTIGATION

GEORGE T. OLSON, 8015 Kingsburg Road, Clayton, Missouri, employed as Chief of Lumber and Allied Products Procurement Office, Corps of Engineers, Room 1132 Boatmen's Bank Building, 300 North Broadway, Saint Louis, Missouri, advised that he had known the appointee for one year. He said he first met him in August or September, 1946, when ADLER was first employed by the Civilian Production Administration, and later they both transferred to the Office of the Housing Expediter. OLSON added that he left the Office of the Housing Expediter about a year later, in 1947, and that ADLER remained at his present employment. During that time OLSON said that he had never engaged in any discussions with ADLER that would indicate that ADLER was either loyal or disloyal to the United States, and OLSON felt that he did not want to express an opinion on his limited knowledge concerning ADLER's background.

TO : Director, FBI

DATE: June 23, 1949

FROM : SAC, New York

SUBJECT: IRVING ADLER, aka

LOYALTY OF GOVERNMENT EMPLOYEES

Rebulet, May 25, 1949.

The New York Office has completed its investigation of the appointee except for a verification of his birth date. The Department of Health and the Beth Israel Hospital, formerly known as the Jewish Maternity Hospital, where the appointee was born, according to the enclosure with the referenced Bureau letter have no record of ADLER's birth under the date and names appearing on the appointee's Loyalty Form.

Through a check of the records pertaining to the appointee's parents at Immigration and Naturalization Service, New York City, efforts are being made to obtain a different birth date or a different spelling of names for the appointee, after which the Department of Health records will be rechecked.

As soon as the results of the Immigration and Naturalization Service check and a recheck of Vital Statistics is completed, this office will expedite the typing of this report and submit it without further delay. Every effort will be made to submit this report to the Bureau by July 5, 1949.

III. RESULTS OF INVESTIGATION

At Averill Park, New York:

Mr. SAM WECHLER, Manager of the Totem Lodge for many years, advised that he recalled that Appointee was employed as a bookkeeper and cashier during the summer season of 1938, and stated that he considered Applicant to be a loyal and patriotic American citizen during the time he knew him.

Mr. DAVID M. KATZ, present owner of the Totem Lodge, advised that he has been owner of this summer resort for the last 20 years and he recalled that IRVING ADLER worked at the Totem Lodge for approximately four years during the summer seasons 1935 through 1938. He stated that for three years, 1935-1937, the Appointee worked as a waiter at the Lodge and in 1938 was promoted to bookkeeper and cashier, in which capacity he served during that season. Mr. KATZ advised that he considered the Appointee to be a loyal American during the time he knew him as an employee of the Lodge, and that he never had any reason, either as a result of statements by the Appointee or any activities on the part of the Appointee, to believe that Appointee had any disloyal tendencies or ideals during these years.

No record of the Appointee whatsoever was located at the Credit Bureau of Troy, New York, which covers the village of Averill Park, and no record was found at the Headquarters of Troop C, New York State Police, which troop covers the village of Averill Park.

ADMINISTRATIVE DATA

Mr. SAM WECHLER was interviewed at the Totem Lodge on March 31, 1942, by Special Agent E. F. KIEFFER (A), in connection with the case entitled "IRVING ADLER, Office for Emergency Management - SPECIAL INQUIRY" and the results of this interview were set forth in the report of SA KIEFFER at Albany, New York, dated April 4, 1942. WECHLER is no longer located at the Totem Lodge, and his present whereabouts is unknown to the present owner, DAVID KATZ; hence he was not interviewed at the present time.

DAVID M. KATZ, owner of the Totem Lodge, advised at the time he was interviewed on June 22, 1949, that there is no one else now connected with the Totem Lodge who would have worked as a superior or fellow employee of the Appointee at the Totem Lodge, from 1935 to 1938. However, Mr. KATZ did furnish names of two former fellow employees of the Applicant who are presently located in New York City, and an appropriate teletype was forwarded to the New York City Division on June 23, 1949.

I. PERSONAL HISTORY

The following information was obtained from the Personnel Records of the U. S. Air Force: IRVING ADLER, also known as ISIDOR ADLER, was born May 14, 1913, at New York City. He attended the college of the City of New York intermittently from 1931 to 1935, and New York University from 1935 to 1939. He received a B. S. degree from the latter institution in 1939. ADLER attended George Washington University Law School, Washington, D.C., from 1945 to the present time.

From 1931 to 1938, he was employed on various part-time jobs while attending school and during his summer vacations. He held such positions as School News Reporter, Usher, Waiter, Bookkeeper, and jobs of a similar type and his places of employment were all in New York state. During some summer vacations, he was employed by Totem Lodge, Inc., Averill Park, New York; from March, 1941, to May, 1941, he was employed by Blattner and Rosen, 171 West 57th Street, New York City, and from May, 1941, to October, 1941, he was employed by Lerner Stores, Inc., New York City. From February, 1941, until October, 1941, he also had a small, private accounting practice in New York City.

ADLER was first employed by the Federal Government from November, 1939, to June, 1941, when he was employed as a part-time substitute Clerk by the U. S. Post Office, in New York City. From October 16, 1941, to July 3, 1943, he was employed by the Office of Production Management and the War Production Board. In July, 1943, he entered on military duty and was in military service until September, 1946. On September 12, 1946, he was reemployed by the Civilian Production Administration and was so employed on April 20, 1947, when he transferred to the Office of the Housing Expeditor. He transferred from OHE September 30, 1947, in order to transfer to the Navy Department and he transferred from the Navy Department on December 18, 1947, in order to accept a position with the U. S. Air Force. He entered on duty December 19, 1947, as an Administrative Officer (Budget and Fiscal), U. S. Air Force, and is so employed at the present time. He does not exercise supervisory functions. It is noted that the U. S. Air Force personnel record on the appointee contained the official records of his employment by all of the civilian Government agencies since he has resided in this area.

ADLER presently resides at 315 North George Mason Drive, Arlington, Virginia.

II. BASIS FOR INVESTIGATION

Investigation in this case was initiated at the specific request of Washington T-1, a government agency which conducts personnel and intelligence investigations, on the basis that ADLER made a statement on June 23, 1942, that during 1936 he had subscribed to the "New Masses" and "Friday" publications, that he was in favor of the Loyalists' side during the Spanish Civil War, and that he had made some contributions to the Loyalist cause.

III. RESULTS OF INVESTIGATION

The records of Washington T-1 were checked and a record on the appointee was located. Contained in the record was a statement obtained by Washington T-1 from Washington T-2, another government agency which conducted personnel investigations. This statement is referred to above and a photostatic copy is attached to this report marked Exhibit A.

It is noted that on an application dated December 19, 1947, ADLER answered in the negative to the question: "Are there any unfavorable incidents in your life not mentioned above which you believe may reflect upon your loyalty to the U. S. Government or upon your ability to perform the duties which you will be called upon to undertake?"

The publication "New Masses" was cited as a Communist front by the House Committee on Un-American Activities on June 24, 1942, and March 29, 1944. The publication "Friday" was cited as "Communist controlled" by the House Committee on Un-American Activities on March 29, 1944.

Mrs. KAY VEST, 2121 H Street, N.W., Washington, D.C., now employed as Executive Assistant, Foreign Commerce Department, U. S. Chamber of Commerce, stated that she first met ADLER in the latter part of 1942, and that she worked quite closely with him for a period of about six or eight months. She advised that her contacts with him were mainly professional but that she knew him socially to the extent that they attended office parties. She described the appointee as a fine person, whom every one liked, who was loyal in his work and who appeared to be a patriotic person. Mrs. VEST said that she never had any occasion to question his loyalty as far as she could recall. She stated that she lost track of the appointee when he went into the military service but has seen him on two or three occasions since he returned to civilian life.

DENVER CRIM, 2001 16th Street, N.W., Washington, D.C., Assistant Chief of the Machinery Division, Office of Domestic Commerce, U. S. Department of Commerce, stated that he has known ADLER since about August, 1941, and shared an office with him for about eight or ten months. He stated that his contacts with ADLER have been mainly professional but that he has known him socially to a slight extent. CRIM stated that he and others in the War Production Board heard from ADLER occasionally during the period when ADLER was in the military service and he said that he had occasional contact with ADLER during the period that both were employed by the Civilian Production Administration shortly after the close of hostilities. CRIM said that he sees ADLER occasionally at the present time and that on the basis of all of his contacts with ADLER, he feels that ADLER is about as loyal a person as he knows and that to the best of his recollection he has never had any occasion to question the appointee's loyalty to his country.

ARTHUR SANDERS, 1500 Patrick Henry Drive, Arlington, Virginia, Secretary, National Association of Scale Manufacturers, 1129 Vermont Avenue, N.W., Washington, D.C., advised that he first met ADLER about April, 1942, when both were employed by the War Production Board. He said that he had numerous contacts with ADLER until the appointee entered military service and was acquainted with him socially to a slight extent during that period, but that to the best of his knowledge ADLER is completely loyal to the Government and that he has never had any reason to think otherwise. He stated that he did not know of any organizations to which ADLER belongs.

EMERSON D. QUICK, 109 North Granada Street, Arlington, Virginia, presently unemployed, stated that he was formerly employed by the Civilian Production Administration and the Office of the Housing Expeditor and that he knew ADLER slightly when both were employed at CPA but got to know him much better when they were both employed at OHE. QUICK advised that the appointee worked in the same office with him at OHE and was under his supervision for about four months at that agency. He stated that he regarded ADLER as a very fine, conscientious worker and that he regarded him as a loyal citizen. He said that he did not know ADLER socially and did not know of any organizations to which he belonged.

E. GIFFORD PARKER, 3405 Texas Avenue, S.W., Washington, D.C., employed as an Industrial Specialist, Forest Products Branch, Economic Cooperation Administration, stated that his contacts with ADLER were all while he and the appointee were employed at the Office of the Housing Expeditor. He said his social acquaintance with him was limited to the times they had lunch together on a few occasions. He stated that ADLER was an excellent worker, gave every evidence of being a very fine person, and that he regarded him as loyal to his country.

H. H. KENDRICK, presently employed at the Office of the Housing Expediter, stated that he knew ADLER as an office associate at OHE for a period of about six months. He said that he did not know the appointee socially and that to the best of his recollection, nothing ever came to his attention to cause him to question the appointee's loyalty to his country.

WILLIAM B. RICE, Chief, Enlisted Services and Records Division, Bureau of Naval Personnel, Department of the Navy, stated that ADLER worked under his supervision for a very short time in the latter part of 1947. He said most of his contacts with the appointee were professional but that he knew him slightly socially. He said he has had no contacts with ADLER since that time and that he regarded ADLER as a loyal citizen.

EVELYN M. WATSON, Assistant to WILLIAM B. RICE, mentioned above, stated that she was employed under RICE's supervision in the latter part of 1947 but that she did not recall the appointee.

Lieutenant Colonel D. G. SIPPEL, United States Air Force, Pentagon, stated that he has known the appointee for about one and one-half years, that his contacts with him have been mainly professional but that he knows him socially as well. Lieutenant Colonel SIPPEL stated that he has a very high regard for ADLER and described the appointee as being very trustworthy and competent. He stated that he believes ADLER is absolutely loyal to his country.

Colonel BUFORD R. NYQUIST, Deputy Assistant to Colonel PAUL E. RUESTOW, Logistics Plans, U. S. Air Force, Pentagon Building, stated that he does not know the appointee socially but has known him professionally for about eleven months. He said that nothing has ever come to his attention to cause him to question the appointee's loyalty to this country. He pointed out, however, that he has had no discussions of domestic or foreign affairs with the appointee on which to base an opinion one way or another as to ADLER's loyalty.

Colonel PAUL E. RUESTOW, Logistics Plans, U. S. Air Force, Pentagon Building, stated that he has known ADLER professionally only since about December, 1947, except for a period of about one year when he, Colonel RUESTOW, was stationed at the National War College. He advised that he regarded ADLER as a loyal citizen and said that nothing had come to his attention to cause him to feel otherwise.

HAROLD WOLKIND, 1744 K Street, N.W., Washington, D.C., presently employed as Administrative Officer, Assistant for Logistics Plans, Deputy Chief of Staff for Material, U. S. Air Force, Pentagon, advised that he knew ADLER slightly in New York City about ten years ago and had gotten to know him much better in the early 1940's in Washington, D.C. He stated

that he knows ADLER real well at the present time professionally, as well as socially. He stated that on the basis of all of his contacts with the appointee, he did not have the slightest question as to the appointee's loyalty to this country.

Reliable information was received in February, 1941, that WOLKIND's name appeared in the active indices of the American Peace Mobilization, which organization has been declared by the Attorney General to be within the purview of Executive Order 9835.

DON R. JACKSON, Chief of the Aircraft Branch, Budget Division, U. S. Air Force, Pentagon Building, advised he has known the appointee professionally only for the past one and one-half years. Jackson stated that both he and the appointee handled classified material and that to his observations, he has found ADLER to be perfectly trustworthy. He said that on the basis of his knowledge of the appointee, there was no reason to question his loyalty to this Government.

Lieutenant Colonel WENDELL E. CARTER, Comptroller's Office, U.S. Air Force, Pentagon Building, advised he has known the appointee professionally only for the past one and one-half years, and once made a business trip with him but does not know him socially otherwise. He stated that he regarded ADLER as a loyal citizen and did not remember having heard the appointee say anything to cause him to doubt his loyalty to this country.

Dr. ALEC C. LEVIN, 2400 North Stuart Street, Arlington, Virginia, Podiatrist, with offices at 1835 I Street, N.W., Washington, D.C., stated that he has known ADLER since the middle 1930's when both worked as waiters at Totem Lodge, Inc., Riverill Park, New York, during summer vacations. LEVIN stated that he did not have contact with ADLER during the regular school years since ADLER attended college in New York City and he, LEVIN, attended Temple University. He said that he lost contact with him for a few years from about 1938 to the early 1940's when ADLER came to Washington, D.C., to work. He advised that since that time he has had numerous contacts with the appointee of a social nature, that he plays cards and golf with the appointee frequently and has gotten to know him very well. He said that ADLER was not a politically minded sort of person, that he was not a man of intense political convictions. He stated that ADLER gave every appearance of being a good, solid substantial citizen, and at no time since he has known ADLER, has anything ever occurred to give him an idea to the contrary. He stated that in his opinion the appointee's loyalty was unimpeachable and that he was one hundred percent loyal to this country. LEVIN advised that he knew ADLER's wife and some of his other relatives and that he had a high regard for them also.

Mrs. VIVIA T. THOMPSON, 308 Taylor Street, N.W., Washington, D.C., stated that she had resided at that address since 1938 but that she did not remember any one by the name of ADLER having resided in that neighborhood.

Mrs. ELIZABETH J. KISSNER, 316 Taylor Street, N.W., and Mrs. GEORGE E. JACOBS, of the same address, both advised that they had resided at that address for nearly twenty years but did not remember the appointee.

At the Buckingham Community Rental Office, Arlington, Virginia, information was obtained that ADLER and his wife have resided in an apartment at 315 George Mason Drive, North, Arlington, Virginia, continuously since January 1, 1942, and that they reside there at the present time. No information of pertinence to this investigation was noted in the file on the appointee.

Mrs. HERBERT QUALLS, 315 North George Mason Drive, Arlington, Virginia, a housewife, stated that she has known the appointee and his wife since about May, 1942. Mrs. QUALLS described ADLER as a straight-forward, thoroughly honest and able person whom she regarded as a loyal citizen. She advised that she had the same high opinion of ADLER's wife and that she was slightly acquainted with others of his and his wife's relatives and they all appear to be very fine people.

Mrs. MARY LOUISE ROBERTS, 315 North George Mason Drive, Arlington, Virginia, stated that she has resided at that address for over seven years and has known the ADLERs as neighbors but has not gotten to know them too well. She stated that the appointee gave every appearance of being a very fine person and that she regarded him as a loyal citizen. She said also that Mrs. ADLER and her relatives appear to be very fine people also and pointed out that Mrs. ADLER was always working for some charitable organization such as the American Cancer Relief and the American Red Cross and similar organizations.

WILLIAM H. ARKIN, 128 N. Galveston Street, Arlington, Virginia, Attorney, Office of Alien Property Custodian, Department of Justice, advised that he has known ADLER and his wife for several years and that he formerly resided in Buckingham Village near the ADLERs. He stated that he believed there was absolutely no question of the loyalty of either one to the United States Government.

ALFRED LETZLER, 313 N. George Mason Drive, Arlington, Virginia, Attorney, Opinion Writing Division, Securities and Exchange Commission, said that he has known ADLER as a neighbor since about 1942. He stated that both ADLER and his wife have fine reputations and that nothing has ever come to his attention to cause him to doubt ADLER's loyalty, honesty, and integrity.

WILLIAM E. BYHAM, 313 N. George Mason Drive, Arlington, Virginia, Chief, Office Services, U. S. Civil Service Commission, stated that he has known ADLER as a neighbor since about 1942 but did not get to know him well until about 1946. He said that ADLER and his wife appear to be fine people and that he believes both to be loyal citizens.

DONALD J. HEPNER, 319 North George Mason Drive, Arlington, Virginia, employed by the General Accounting Office, stated he did not know the appointee.

During the course of another loyalty investigation conducted by the FBI, the appointee was interviewed regarding SEYMOUR FRIEDMAN, whom the appointee named as a reference. ADLER stated at that time that he was a neighbor of FRIEDMAN's, had known him vaguely when both attended the College of the City of New York, and that they had been very close friends in recent years. ADLER said he had been in contact with FRIEDMAN in Washington since 1941 and that he regarded FRIEDMAN as a loyal citizen. The loyalty investigation on FRIEDMAN was based on the receipt of reliable information that he had been a member of the National Lawyers Guild, which organization was cited as a Communist front by the House Committee on Un-American Activities on March 29, 1944.

At the Registrar's Office, George Washington University, it was learned that ADLER has attended the George Washington University Law School since the fall of 1946 and has nearly completed his Law Course. No information of pertinence to this investigation was noted in the record.

Records of the Department of Defense show that ADLER was inducted into the military service on May 20, 1943, at Camp Lee, Virginia, under Army Serial No. 33638264. He was honorably discharged November 15, 1944, at Carlisle Barracks, Pennsylvania, in order to accept a commission of Second Lieutenant. He received his commission as Second Lieutenant in the Medical Administration Corps, Army of the United States, on November 15, 1944, and was relieved from active duty on October 5, 1946, at Fort Dix, New Jersey. No information of pertinence to this investigation was noted in these records.

The records of the Credit Bureau contained a report dated June 30, 1948, on the appointee. No information of pertinence to this investigation was noted in the record.

The Criminal Records of the Metropolitan Police Department and the records of the Special Investigations Squad of the Metropolitan Police Department, Washington, D.C., were checked and no record could be located.

The records of the Potomac Credit Bureau, Arlington, Virginia, were checked and no record could be located.

The Criminal Records of the Arlington County Police Department were checked and no record could be located.

The records of the House Committee on Un-American Activities were checked and no record could be located that could be identified with the appointee.

The records of Washington T-3, another government agency which conducts personnel and intelligence investigations, were checked and a record was located on a person with a name similar to that of the appointee. If this information is found to relate to the appointee, it will be reported by another division of the FBI.

The records of Washington T-4, another government agency which conducts personnel and intelligence investigations, were checked and a record was located. This record did not contain any information of pertinence to this investigation.

The records of Washington T-5, another government agency which conducts personnel and intelligence investigations, were checked and a record on the appointee was located. This record contained information concerning the appointee's background and all persons contacted by representatives of this agency spoke very highly of the appointee and regarded him as a loyal citizen.

Washington T-6, T-7, T-8, and T-9, all reliable informants, who have provided information concerning Communist activities in this area in the past, all advised that they did not know the appointee or his wife.

S. CHESTERFIELD OPPENHEIM and WILLIAM T. FRYER, both presently on the teaching staff of George Washington University Law School, advised that they knew and remembered ADLER only as a student, that he appeared to be a fine person, and that nothing had occurred to cause them to question his loyalty.

CARVILLE D. BENSON, also on the teaching staff at George Washington University Law School and one of ADLER's recent teachers, stated he did not remember the appointee.

The records of the Bureau of Investigation were checked and no record was located. The records of the Bureau of Investigation and no criminal record was found.

Telatypes to New York dated June 9 and June 13, 1949.

Telatype to St. Louis June 17, 1949.

Telatypes to Charlotte and Dallas on July 5, 1949.

Telatype to Newark on July 14, 1949.

A copy of this report is being designated for the Richmond Office since the appointee resides in the territory covered by that Office.

Mrs. HERBERT QUALLS also advised that about January or February, 1949, Mrs. ADLER told her she had a nephew who attended some college in Vermont and who had become interested in Communism. According to Mrs. QUALLS, the appointee's wife told her that ADLER talked to the nephew and told him that he had once been interested in Communism also but had found that it wouldn't work. On this occasion the appointee reportedly had gone into the Communist question from every angle with the nephew and had done his best to change the nephew's sympathies. Mrs. ADLER, according to Mrs. QUALLS, believes that the appointee succeeded in doing so. According to Mrs. QUALLS, Mrs. ADLER told her that she heard the discussion and told her also that she was sure in her own mind that ADLER did not any more have any sympathy for Communism. Mrs. ADLER told Mrs. QUALLS that she was greatly relieved because she was not sure before that time that ADLER did not continue to have some sympathetic interest in the Communist movement. Mrs. QUALLS advised that Mrs. ADLER told her that she and appointee did not speak about Communism as "he knew how she felt" about the matter. Mrs. QUALLS advised that she was not certain when the conversation with the nephew took place but had the impression that it occurred a relatively short time before Mrs. ADLER told her about the incident in the early part of 1949, as mentioned above. Mrs. QUALLS advised that she did not want this information to be made available in any report as she was afraid that the fact she had told an FBI agent about the incident would get back to Mrs. ADLER, who had confided the matter to her. For this reason this information is being placed on the Administrative Page instead of in the body of the report.

Records of the House Committee on Un-American Activities contained information regarding one IRVING ADLER who was active in the Teachers Union in New York City and who is apparently identical with the individual of the same name mentioned in the New York letter to the Bureau, dated December 6, 1948, regarding IRVING ADLER. Files of the House Committee on Un-American Activities also show that signers of the 1939 - 1940 Communist Party Nominating Petition for state and city elections included the following names:

WFO 121-10778

ISIDORE ADLER, 392 Chester Street, Brooklyn, New York; ROSE ADLER, 1935 Strauss Street, Brooklyn, New York; ROSE ADLER, 121 Goerck Street, New York City; ROSE ADLER, 703 East Fifth Street, New York City. None of this information was set out in the body of the report inasmuch as they did not appear to be identical with the appointee or his wife.

Records of the Office of Naval Intelligence show that one IRVING H. ADLER (according to FBI-NY Report of November 20, 1943) is or has been employed by the General Atlantic Steamship Company, which is controlled by JACOB JOSEPH MICHAEL. This information originated from the Third Naval District of New York City. Inasmuch as this information did not appear to relate to the appointee, no teletype was sent to the New York Office.

Referral/Consult

As also noted in WFO letter to the Bureau dated May 12, 1949, the files of this office contain numerous references to one ROSE FELDMAN. It is known definitely in many cases and believed probably in others that these references refer to the mother of BABETTE FELDMAN, both of whom are known to be active in Communist activities in this area.

WFO files contain a letter dated March 20, 1946, to the Bureau captioned, "National Committee on Atomic Information; Internal Security - C," in which it was stated that Father E. A. CONWAY, Treasurer of the National Committee on Atomic Information, told Special Agent J. BERNARD COOK that on March 12, 1946, a meeting was held at the home of JOSEPH BORKIN, economist employed by the Department of Justice. This meeting was attended, among others, by Senators O'MAHONEY and THOMAS and Representative HELEN DOUGLAS. At the conference it was reported that JOSEPH BORKIN advocated the turning over of atomic information to all nations. BORKIN was not interviewed because of this information and because it was believed that sufficient people had been interviewed.

With further reference to JOSEPH BORKIN, mentioned above, it is noted that his name was on the mailing list of the USSR Information Bulletin in the latter part of 1947. This list was transmitted to the Bureau by letter dated December 15, 1947, from the WFO in the case entitled "SODAC, Washington, D.C., Internal Security - R."

WFO files show that [] has advised that on June 15, 1948, JOSEPH BORKIN contacted PALMER WEBER at which time the latter wanted BORKIN to contact ROBERT YOUNG to have YOUNG persuade REVERCOMB to vote against the Mundt Bill (then pending before Congress). BORKIN said REVERCOMB was on the "other side" from YOUNG and that YOUNG could not do a thing with him. Files of this office show that WEBER was Southern Director of the Progressive Party in 1948 and, according to [] has been associated with known and suspected Communists such as SYLVIA SOLOFF, CHARLES KRAMER, HENRY BEITCHER, and others. No other contacts between BORKIN and WEBER are known. The above data was not included in the body of the report because of the isolated nature of the contact and because the degree of association was not readily apparent.

The report of SA THOMAS A. MENDENHALL, dated March 29, 1949, at Washington, D.C., in the case entitled "JUDITH COPLON: VALENTIN ALEKSEEVICH GUBITCHEV, was; Espionage - R", reflects that BORKIN was interviewed March 16, 1949, regarding his knowledge of COPLON and her associates. At that time BORKIN claimed that he knew little about her. On page one hundred twelve of the same report Mrs. HELEN FRANK SHEINGORN is reported as having stated on interview that COPLON was well acquainted with one IRENE HEBARD who was BORKIN's secretary in the Anti-Trust Division, Justice Department. It is also reported that IRENE HEBARD has a sister known as DODY HEBARD who is secretary to Congressman VITO MARCANTONIO. b7D

During the investigation of the COPLON case, [] provided information that JOE BORKEN, EX 0707, identical with BORKIN mentioned above, was a friend of NATHAN B. LEVIN, who for a time shared an office with COPLON. In this connection it is noted that Dr. ALEC C. LEVIN, mentioned in the body of the report, also stated that his brother, NAT LEVIN, who spelled his name LEVIN and who was an attorney in the Justice Department, was also a good friend of ADLER, as was BORKIN. Dr. LEVIN said his brother knew ADLER about as long as he did and had the same high regard for ADLER. In addition to the numerous references to LEVIN appearing in WFO reports in the COPLON case, WFO files show that [] advised that on September 12, 1947, HERMAN GREENBERG contacted one LENDIN (phonetic) at the Justice Department, Extension 1135. This person said he had a man for GREENBERG who had acted as counsel in the Army. GREENBERG also indicated he would call LENDIN (phonetic) later for lunch. [] advised that on October 2, 1947, FRED D'AVILA contacted DAVID REIN and told him he was working for the

Soviet Information Bulletin. D'AVILA wanted to know if he had to register under the Foreign Agents (Registration) Act and said he had contacted a man named LEVIN in the Justice Department who advised him to register. No other contacts between D'AVILA and LEVIN are known. [] also advised that on July 13, 1948, HERMAN GREENBERG contacted NATHAN LUNFORD (phonetic) of the Justice Department at which time GREENBERG told of his difficulty in securing payment on a job he had worked on. GREENBERG, according to other information in the files of this office, was formerly a law partner of JOSEPH FORER and DAVID REIN, both prominently connected with the National Lawyers Guild. GREENBERG has been an inactive member of the NLG, and is reported to know well DAVID K. NILES, of the White House staff. b7D

Information provided by [] set out above, was not included in the body of the report because of the lack of sufficient identification in the original logs. It is being left for the Bureau to determine what and how much of the information relating to BORKIN and LEVIN in the COPLON case should be set out in the body of the report.

A teletype was not sent to Chicago to locate and interview SIMS CARTER, reference, as it was believed that sufficient persons who knew ADLER well had been interviewed. For a like reason, teletypes were not sent to have NATHANIEL E. BURLEIGH, J. EMMER-BEEL, and ANITA WACHLIN, all mentioned in San Antonio teletype of July 8, interviewed.

M. L. THOMPSON and W. A. KELLY, former supervisors, were not interviewed as they could not be readily located and because none of the persons interviewed named them as persons the appointee knew well.

RESULTS OF INVESTIGATION

The records of the Board of Health reflect that ISIDOR MASSOLSKY, Certificate Number 25980, was born in New York, on May 14, 1913, and that his parents are MORRIS, twenty-five years old at that time, and SARAH GOTTLIEB, twenty-three years old at that time, both born in Russia.

The records of the Board of Elections, New York City, contain the following information:

1934	IRVING ADLER	214 Echo Place, Bronx,	Socialist

The following comments concerning the American Labor Party appear in the report of the House Committee on Un-American Activities for May 29, 1946:

"1. Support of the Communist Party to the above has been recognized by the appointment of a Communist to an official position in the city government. (Massachusetts House Committee on Un-American Activities, report, 1938, 356).

"2. Cited as a Communist front by the Special Committee on Un-American Activities, March 29, 1944 (pp. 49, 77f, 153, 189)."

During May, 1942, the appointee was investigated by the Federal Bureau of Investigation in connection with his employment with the Office for Emergency Management. Unless otherwise indicated, the following information was obtained during that period:

Education

City College of New York
23rd Street and Lexington Avenue
New York, New York

STANLEY PEARL, Record Clerk, School of Business, advised that the school records show that IRVING ADLER first attended in February, 1931, leaving in June, 1933; then he re-entered in February, 1934; leaving in June, 1934, and returned in September, 1936. In February, 1937, he was released from the school because of poor scholarship, according to Mr. PEARL.

Mr. PEARL advised that there is no unfavorable information pertaining to the appointee in the records of this school, and that the appointee did not participate in any extra-curricular activities while in attendance at this school.

New York University
Washington Square
New York, New York

Miss HELEN WEBER, Clerk, Room 425, Commerce Building, advised that the appointee attended this school from February, 1935, until his graduation on February 23, 1939, at which time he received a Bachelor of Science degree in Accounting.

NY 121-5499

The records of New York University contain no information reflecting unfavorably on the appointee's loyalty to this country, according to Miss WEBER.

Employment

Workmen's Circle Camp
Hopewell Junction
New York

A statement by the appointee, contained in the records of the General Post Office, Eighth Avenue and 33rd Street, New York, New York, reflects that he was employed as a waiter at the above camp during the summer seasons of 1931, 1932 and 1933.

The following information concerning the Workmen's Circle was furnished by Confidential Informant New York City 1-10 *undisclosed*.

The Workmen's Circle was founded in 1899 as a mutual benefit association of Jewish workers and small business men. In 1939, its total membership was 72,242 in 744 branches. It is incorporated in thirty-one states and its total insurance in 1939 amounted to seventeen million dollars. Between 1931 and 1939 its resources increased by more than two million dollars.

In the years 1939 and 1940 the left wing of the Workmen's Circle and the Independent Workmen's Circle joined to form the organization now known as the International Workers Order. According to statements appearing in the publications of the Workmen's Circle, the organization, in the year 1940, was strongly anti-Stalin and on July 30, 1940, the Circle announced that it was non-partisan in the labor movements, but sufficiently pro-Ally in sympathy so that it would refuse its halls to Isolationist speakers of the Socialist Party.

The International Workers Order, mentioned above, has been declared by the Attorney General to be within the purview of Executive Order 9835.

NY 121-5499

Toten Lodge
Averill Park, New York

MILTON M. ROSENBERG, an attorney with offices at 21 East 40th Street, New York City, advised that he was employed at the Totem Lodge from about 1934 to 1939, during the summer seasons. He recalled that IRVING ADLER was also employed there during most of this period, but that he did not associate in the same social circle that ADLER did.

Mr. ROSENBERG stated that ADLER appeared to be "a respectable person, who kept out of trouble." He added that he was not closely enough associated with him to determine whether or not he is loyal to the United States.

IRVING SCHWARTZ, a Dentist with offices at 320 Fifth Avenue, New York City, stated that he was employed at Totem Lodge during the early 1930's, and that he has occasionally visited there since that period, but that he does not remember the appointee.

General Post Office
Eighth Avenue and 33rd Street
New York, New York

The records of the Post Office Department, made available by CHARLES MURRAY, Personnel Department, reflect the following information:

IRVING ADLER took an Oath of Office as a regular substitute clerk on December 6, 1938; and resigned from this position on July 1, 1941. He had been previously employed as a temporary substitute clerk from November 18, 1937, to December 31, 1937, and November, 1938, to December 6, 1938. In 1938, he was residing at 214 Echo Place, and in 1940 at 1375 Teller Avenue, both addresses Bronx, New York. He was employed at the General Post Office during the above times.

There is no information in the files of the Post Office Department pertaining to ADLER'S loyalty to the United States Government.

NY 121-5499

MARTIN BARRY, Clerk, Outgoing Mail Section, advised that he does not remember ADLER, but that his records reflect that ADLER was employed on the Pennsylvania table in this section.

JACOB ENGEL, Senior Assistant Superintendent, SAMUEL SAUNDERS, Head Distributor, Pennsylvania table and IRVING C. DOBKIN, formerly in charge of the Pennsylvania table, all of whom are employed in the Outgoing Mail Section, each advised that he was employed during the period of ADLER'S employment, but that he does not remember him.

Blattner and Rosen
501 Madison Avenue,
New York, New York

JACOB D. ROSEN, Certified Public Accountant, advised that he employed ADLER as a part-time assistant on auditing work from approximately April, 1940, to May, 1941, and that he had no contact with him since the termination of this period of employment.

Mr. ROSEN advised that he had no information concerning ADLER'S activities outside of his work, but that he considered the employee to be a good American citizen.

Lerner Shops
354 Fourth Avenue,
New York, New York

C. H. SMITH, Personnel Manager, advised that ADLER was employed as a distributor for this company from June 16, 1941, to October 25, 1941. He stated that there is no information contained in the records of this firm indicating that ADLER was involved in any disloyal activities, and that he left his position to become a government employee.

During the current investigation, Miss S. ELSEN, Assistant Supervisor, Personnel Department, advised as follows:

She was not employed by the firm during the period of ADLER'S employment, and C. H. SMITH, formerly Personnel Manager, is no longer employed by the firm. J. J. SCHER, who, according to ADLER'S application form, hired him in

NY 121-5499

1941, and JULIUS LUFTMAN, who was ADLER'S supervisor during his employment were contacted. Neither SCHER nor LUFTMAN recalled ADLER, due to the short period of time that he was employed.

Miss ELSEN advised that none of the other present employees would have known ADLER since they were not employed there during the same period as ADLER.

Residences

214 Echo Place
Bronx, New York

The investigation at 214 Echo Place, Bronx, New York, was conducted during the course of the current investigation of IRVING ADLER.

JOHN SPADORA advised that he has been superintendent of the apartment building at this address for the past four years. He stated that he has never met IRVING ADLER, but that the appointee's father, MORRIS ADLER, who continues to reside at 2020 Grand Avenue, Bronx, New York, does the painting in the apartment house at 214 Echo Place. He said that he has talked with MORRIS ADLER on many occasions and several times has heard him speak openly against Communism.

ESTHER HYMAN, apartment 4-C, advised that she has resided at this address for a longer period than any of the other tenants. She said that she was well acquainted with the ADLER family when they lived at this address during the period of approximately 1925 to 1939. After this period, the appointee's parents moved to 2020 Grand Avenue and the appointee was married, according to Mrs. HYMAN.

Mrs. HYMAN stated that she considered IRVING ADLER to be an excellent young man during the period that he resided at this address, and that in her opinion, the loyalty of all members of the ADLER family was above question during this period.

NY 121-5499

FRIEDA DEITZ, apartment 1-G, advised that she was acquainted with the appointee, his sister and his parents from approximately 1930 to 1939. She described the ADLERS as fine people, who had an excellent son. She volunteered the remark that "none of them seemed to be Communists" during the period of their residence at this address.

1375 Teller Avenue.
Bronx, New York

Mrs. ELSA GOTTHELF, owner of the apartment house at this address, advised that IRVING ADLER and his family lived at this address for one year, having moved out in approximately 1941. She advised that she considered them as reliable, patriotic Americans.

Mrs. REBECCA STANG, apartment 1-C, advised that, during the period that the ADLERS resided at this address they appeared to be respectable and loyal citizens.

Mrs. ROSE LEGUMSKY, apartment A, stated that she was only casually acquainted with the ADLERS, who lived at this address for about a year. She said that there had never been any indication that the ADLERS were interested in any kind of un-American activities.

Mrs. CATHERINE JOHNSON, superintendent, advised that she had been serving in this capacity for only three months, and that she was not acquainted with the ADLER family.

1645 Grand Concourse
Bronx, New York

Mrs. CHARLES ELLENBERG, owner of the apartment house at this address and occupant of apartment 4-G, stated that IRVING ADLER and his wife had been tenants for a period of approximately two months. She said that she was unable to form any opinion pertaining to the appointee's loyalty to the United States.

Miss LILLIAN MORGENSTERN, apartment 6-B, advised that her family sub-leased from the ADLER family, but that she had no personal knowledge of them.

NY 121-5499

2020 Grand Avenue
Bronx, New York

Mr. and Mrs. FRED BALZER, superintendents of the apartment house at this address, advised that they had been acquainted with the ADLER family for at least the past fifteen years, since MORRIS ADLER, the appointee's father, and Mr. BALZER were both employed by IRVING HORWITZ, the owner of the property at this address. They said that the appointee's parents still occupied an apartment at this address.

Both Mr. and Mrs. BALZER stated that they considered all members of the ADLER family to be patriotic Americans, and that they would recommend the appointee for a position with the government.

IRVING HORWITZ, 2511 Broadway, New York, New York, advised that he was president of the corporation which owns the apartment house at 2020 Grand Avenue, and that he has employed MORRIS ADLER, appointee's father, for a period of many years. Mr. HORWITZ described IRVING ADLER as a "splendid boy", who is loyal to the United States, in his opinion.

Mrs. M. WEISENHOLTZ, 2020 Grand Avenue, advised that she had occupied the apartment adjacent to the MORRIS ADLER apartment for approximately one year, and that she had lived in the same building for several years. She stated that the members of the ADLER family were considered to be respectable people and good American citizens.

The records of the Credit Bureau of Greater New York contain no information pertaining to the appointee.

The Criminal Division and the Bureau of Special Services and Investigation of the New York City Police Department have no information which could be identified as pertaining to the appointee.

The following reliable New York City Confidential Informants, all of whom are acquainted with Communist activities in the New York City area, advised that they have no information concerning the appointee: T-2, T-3, T-4, T-5 and T-6.

ADMINISTRATIVE PAGE

The ONI record for the 3rd N.D., N.Y.C., show that one IRVING ADLER, mentioned in a flimsy dated June 12, 1942, was mentioned in the Rapp-Coudert Committee hearings, and that one IRVING ADLER is mentioned in the Dies Committee hearings as a member of the Executive Board, Teachers Unit (or Teachers Union).

Inasmuch as the Rapp-Coudert Committee investigated Communism in the NYC school system, it would appear that the IRVING ADLER mentioned in the ONI records is identical with the known Communist, IRVING ADLER, a teacher in the NYC school system, who is currently chairman of the Salary Committee of the Teachers Union in NYC. The information concerning this IRVING ADLER is set forth in the New York letter to the Bureau dated 12/6/48, which set out the results of a preliminary inquiry conducted by the New York office pertaining to the appointee.

By letter, dated June 13, 1949, Washington Field office advised that ONI records reflect that one IRVING ADLER, 42nd Street, Long Island City, N.Y., appears on a list of person who are in varying degrees associated or sympathetic with the C.P. This IRVING ADLER is apparently not identical with the appointee since there is no indication that he ever resided in Long Island City. Also the current telephone directory for Queens, New York, reflects that there are two ADLER families living on 42nd Street in Long Island City at the present time.

As set forth in New York file 77-3089, DAVID N. KATZ, Totem Lodge, 1472 Broadway, N.Y.C., was contacted during a previous investigation, but his remarks do not include a statement concerning ADLER'S loyalty. Consequently, an attempt was made to recontact KATZ in N.Y.C., but the receptionist in the N.Y.C. office advised that KATZ is at the Totem Lodge for the summer season. Since the Albany office is conducting the investigation at Totem Lodge, Averill, Park, New York, it is expected that his remarks will be reflected in the Albany report.

The following parts of this investigation were conducted by the indicated Special Agents and Special Employees:

Dear Sir:

You are instructed to conduct a full field investigation () a preliminary inquiry () concerning the above named individual. This investigation is to be assigned immediately and the results mailed to reach the Bureau by November 29, 1948.

Attached for your assistance is a photostatic copy of the Request for Report on Loyalty Data furnished to the Bureau on this individual.

The Bureau files contain the following information regarding this person:

Appointee was the subject of an applicant investigation for the Office for Emergency Management in 1942, New York file 77-7476. The report of Special Agent Lloyd A. Briggs, April 22, 1942, Washington, D. C., reflects Dies Committee Records disclosed that one Irving Adler, described as Secretary to the New York Teachers Anti-War Committee, contributed an article to New Masses Magazine, February 27, 1934. (77-13221)

Bureau files disclosed that the National Republic Magazine for February, 1938, page 10, listed the name of one Irving Adler of Local #5, Teachers Union, New York, New York, as a speaker at the 3rd Annual Convention of the American Student Union. (61-7558-138, p.13)

By letter dated January 10, 1948, the New York Office forwarded to the Bureau the original dues collection sheets of the International Workers Order for the month of December, 1946. The dues collection sheet for IWO Lodge #797 lists the name of one Irving Adler, born 1913, as a member. It is noted Mrs. [redacted] 200th Street, Flushing, Long Island, New York, was the Secretary of the Lodge.

Very truly yours,
